

The Energy Minister is Coming to Town!

**Minister George Smitherman Wants to Tell
You Why a Gas-Guzzling Power Plant
Should Go in the Holland Marsh.**

Here's What the Minister & Ontario Power Authority Won't Tell You.

An Oversized, Polluting, Industrial Power Plant is headed for a vital food growing agricultural area, on protected Ontario Greenbelt, 500 meters from a school and homes, next to a Nature Reserve.

Only 10% of the Power Plant's Capacity is Local the rest of the power will feed into the Province of Ontario's electricity grid.

Due Process is Being Circumvented, neither the Region, nor the Municipality are being given the right to a say in decision-making.

This Fossil-Fuel-Burning Power Plant will be Only 30% Efficient and is not the only option to ensure lights stay on in Northern York Region.

This is Your Last Chance!
Be There & Be Counted.

Energy Minister Smitherman's Town Hall Meeting
Tuesday February 10th from 7 to 9:30 pm (arrive early)
Kingsbridge Centre – 12750 Jane Street, 250 m south of King Rd.
